### Confirmation of safety and ecological compliance of Kaiflex®, Kaisound® and Kaifoam® products

Herewith we confirm that a.m. insulation materials are non-hazardous products being in accordance with environmental and safety regulations

EG 850/2004,

EU 519/2012,

EU 253/2011,

67/548 EWG (PBT and vPvB, SVHC according to REACH),

EU 65/2011 (RoHS), in detail: no lead, cadmium, hexavalent chromium, mercury, PBBs, PDBEs,

1907/2006/EC (SVHC)

and that no respective listed materials, no heavy metals and no critical halogenated substances (sulfur hexafluoride SF<sub>6</sub>, octaBDE, pentaBDE, dekaBDE, HBCD, SCCP, fluorocarbons or chlorinated/hydrated fluorocarbons like (H)CFCs, HFCs) and no formaldehyde or derivatives are used for the production of our materials.
